favors Alliance of Nations to
Prevent the Outbreak of
Another War.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 30.—Pres-
ident Wilson delivered a Mem-
orial Day address here to-
day, in which he defined the spirit
of America, warned citizens of for-
eign birth not to set themselves
against the purposes of the nation,
aided upon young men to perform
military service, and de-
clared his recent suggestion for an
alliance of nations to preserve
peace. He spoke at Arlington Na-
tional Cemetery before an audience
made up largely of Civil War vet-
erans, who applauded him vigor-
ously.

While he declared he had no
harshness in his heart for Ameri-
cans of foreign birth, and expected
them still to love the sources of their
origin, the President said "America
must come first in every purpose we
entertain, and every man must
count upon being cast out of our
confidence, cast out even of our tol-
erance, who does not submit to that
great ruling principle."

MISSION OF AMERICA.
Speaking of America, made up
out of all the peoples of the world,
as the champion of the rights of
mankind, he said:
"We are not only ready to co-
operate, but we are ready to fight
against any aggression, whether
from within or without. But we
must guard ourselves against any
sort of aggression which would be
unworthy of America; we are ready
to fight for our rights when these

PUT BRITISH
ON RATIONS.

Must be Cut Down Because
of Exorbitant High
Prices.

(BY ATLANTIC CABLE AND A. P.)
LONDON, May 30.—There
is now believed to be a possi-
bility that the people of the
British Isles will be placed on
meat rations. Capt. Ernest
Freymant, Parliamentary Un-
dersecretary for the Board of
Trade, said in the House of
Commons today that, al-
though there was no actual
shortage, the existing high
prices arose from a deficiency
due to the requirements of the
forces in the field. The gov-
ernment, he added, was re-
viewing the situation care-
fully.

rights are coincident with the rights
of man and humanity."

The President reiterated his sug-
gestion before the League to En-
force Peace last week that the
United States was ready to become
a partner in any alliance of the na-
tions "which would guarantee pub-
lic right against selfish aggression."
Of published criticisms reminding
him that George Washington warned
the nation against "entangling al-
liances," he said:
"I shall never myself consent to
an entangling alliance, but would
gladly assent to a disbanding al-
liance, an alliance which would dis-
entangle the peoples of the world
from these combinations in which
they seek their own separate and
private interests, and unite the peo-
ple of the world upon a basis of
common right and justice."

UNIVERSAL TRAINING.
Universal training and prepared-
ness were possible, Mr. Wilson de-
clared, only if the men of suitable
strength and will volunteer. He
said the "acid test" was about to
be applied to business men, too,
when the world would be tested
by the reorganization bill now before
him. He said that the world was
at the point which he warned all the
business men of the country was staring
at.

The President said he was for
"universal voluntary training," but
that "America does not wish any-
thing but the compulsion of the
spirit of America." He added that

Agree with German Authority
that the Armament Fever
Must be Abated.

(BY ATLANTIC CABLE AND DIRECT WIRE.)

LONDON, May 30.—Despite much
talk of Verdun, Italy, Greece,
Ireland and Mesopotamia, pub-
lic interest turns more and more to
the United States. Three questions
are uppermost in diplomatic, par-
liamentary and financial circles—
namely, mails, exchanges and in-
creasing interest at Washington in
future peace.

The mail problem will doubtless
be solved diplomatically. The treas-
ury scheme of taxation is extract-
ing a great supply of American re-
sources. The addition of Canadian
Pacific common to the list is very
important, but a full list of what
the treasury will buy is much
needed, for inquiries are pouring in
upon Stock Exchange brokers from
all parts of the country, another
proof of our marvelous stores of ac-
cumulated capital. It is fortunate
that money is so cheap with you and
that your credit institutions are
strong enough to welcome the in-
coming flood.

VIEW OF FINANCIAL.

Robert Fleming, our leading Anglo-
American financier, described his
position in a remarkable address
to the Investment Trust Corporation.
He advised private investors to ex-
change American for British rail-
way securities, and to invest in
cable bonds, well secured by the
ground during this period of severe
depression.

Mr. Fleming wound up by express-
ing the strong hope that the war
will soon be ended by statesmanship,
and quoted Lord Balfour, war man-
ager of Germany, as saying that
the peace of the world is not only
not war, but the armament fever,
Fleming hopes that the war
and the fever will soon run their
course, and said: "The world is
freed from its blighting influ-
ence, will, with redoubled energy
seek to re-establish its international
prosperity, based on peaceful pur-
suits."

Fleming represents an important
growth of financial opinion. Alex-
ander Hamilton of the New York
Guarantee Trust Company, who is
here, told me yesterday that he
heartily agrees with Fleming's view.

Earl Brassey, another prominent
politician, welcomed President
Wilson's attitude toward the solu-
tion of the problem of how to bring
peace with other guarantees than
those of mere exhaustion to be
obtained.

EFFECT OF SUDDEN SALES.
According to Sir Thomas Whit-
aker, M.P., chairman of the com-
mittee responsible for the scheme of
mobilizing American securities held
in British hands, the government's
decision to place 50 cents additional
income tax on American securities
not voluntarily offered to the treas-
ury does not involve suddenness
in the American market.

"Although the scheme has been
successful, it is not so far forward at
the rate with which many holders
have failed to realize that we want
all American securities to enable us
to handle them in bulk. Although it
is impossible to formulate an estimate
of the amount held here, we know
an enormous quantity are
still held in private ownership. The
effect of the new income tax will be
to force all into the possession of the
government. There is no intention
of dumping them. They will be of-
fered regularly and slowly when the
market is favorable. A large por-
tion will not be bought outright, but
accepted on loan, which we shall use
as collateral for any further ad-
vances which may be arranged with
the United States."

tirement from similar positions to
the south of the road between Beth-

FIFTY NEW SUBMARINES
IN HOUSE NAVAL BILL.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 30.—Determined
public efforts are on a
large building programme of the
naval appropriation bill as reported from the Na-
val Committee resulted today
in the adoption by the sitting
as a committee of the whole
of an amendment increasing
the number of submarines
from twenty to fifty. Propo-
sals to provide for six bat-
tle cruisers instead of five,
and to add two dreadnaughts
and two scout cruisers to the
programme, were defeated
after a lively fight. So
decisive were the votes against
additional battle and scout
cruisers that the bigger navy
advocates virtually have de-
cided to abandon the fight for
them, but they still hope to get
the two battleships. Another
attempt will be made when
the House returns to regular
form on Friday. The battle-
ship proposal was lost by the
narrow margin of sixteen
votes, 120 opposing and 114
favoring. Fourteen Demo-
crats voted for the amend-
ment and eight Republicans
opposed it. The vote on in-
creasing the submarines was
114 to 104, with seven Demo-
crats voting for it and no
Republicans opposing. The
additional undersea boats
would be of the coast-
defense type, seventeen of
which already were provided
by the bill.

OFFICIAL GERMAN REPORT.
(BY ATLANTIC CABLE AND A. P.)
BERLIN, May 30 (via London, 6
p.m.).—The capture of French pos-
itions along the entire front from
the southern ridge of Dead Man
Hill to the village of Cumieres,
south of Corbeaux wood and
Cumieres woods, was announced to-
day by the German High Command.

The text of the statement says:
"Western front: Artillery duels
continuing along the front be-
tween Le Mort Homme and Atras
Lens was again resumed. In the
neighborhood of Souches (Artis dis-
trict), and southeast of Tahure
(Champagne) weak enemy advances
failed."

"There has been increasing artil-
lery activity between Hill No. 304
and the Meuse (Verdun front).
The capture of French positions
along the entire extent between the
southern ridge of Dead Man Hill
and Cumieres village. Thirty-five
officers, including several staff of-
ficers, and 121 soldiers were cap-
tured. Two counter-attacks were re-
jected. Cumieres village was re-
captured."

"East of the Meuse we improved
our newly captured line in the
Thiamont wood. The advance was
in the eastern portion of the wood.
Here at times the fire on both sides
reached its fiercest violence."

"Last night our aviators attacked
with good results an enemy de-
stroyer squadron off Oostend.
A British aeroplane crashed to
earth after an aerial battle near St.
Etienne and was destroyed by our artil-
lery."

"Eastern front: South of Lipk
some German detachments advanced
toward the Schems and destroyed a
Russian blockhouse position."

"Balkan front: German and Bul-
garian fighting forces to protect
themselves against surprise attacks
which apparently were planned by
the Entente troops, occupied the
length of a ridge on the Struma,
which is an important position in
this connection. Our superiority in
numbers forced the Greek forces to
retreat. Otherwise Greek territorial
rights were respected."

French observers today noted the
presence of a fresh German division
in the attack west of the Meuse.
This is the third that has been no-
ticed during the week. All three are
believed to have been hurried by
motor transport up from the Flan-

GERMAN SAILORS KILLED
BY ALLIES' SUBMARINE.

(BY WIRELESS AND A. P.)

BERLIN, May 30 (via Bayville).—
Six men were lost by an at-
tack by a submarine on the
German steamer Kolga, near the
Baltic on May 17, according to a
dispatch to the Overseas News
Agency today from Lubbeck, where
the survivors arrived. The dispatch
declares that the Kolga was shelled
after she had stopped and that the
submarine launched a torpedo
which sank the steamer as the crew
was about to lower lifeboats.

The submarine appeared suddenly
at a distance of 400 meters from
the Kolga, the dispatch says. The
submarine fired a shot. The
steamer immediately stopped and
withdrawing this, a second shot was
immediately fired, which destroyed
the bridge. The crew, only half-
clad, rushed for the lifeboats.

OPPORTUNITY OF REPUBLICANS
TO SWEEP THE COUNTRY.

Nothing but the Nomination of Roosevelt would Make the
Election of Wilson Possible.

Chances Lie Between Root and Hughes, According to the Best Opinion Available, and no
Break is Thought Likely as the Convention is Well Organized—Strong Feeling
Against a Traitor Heading the Ticket Developing Everywhere.

BY HARRY GARR.
(BY DIRECT WIRE—EXCLUSIVE DISPATCH.)

WASHINGTON BUREAU OF THE TIMES, May 30.—Nothing except the nomination of Col.
Roosevelt can make Wilson's re-election possible. This is the candid opinion of the Re-
publican leaders of the Senate on the eve of their departure for Chicago.
Senator Smoot of Utah, who is the virtual leader of the Senate minority, said today:
"With any other Republican candidate, the defeat of Wilson is a cinch. With Roosevelt as
the nominee it will be difficult to avoid another wreck."

"I do not regard this a probable disaster, however. I don't believe the colonel can be nomi-
nated. At the present moment, he is making the most noise but his noise-producing machinery
does not seem to have a voting attachment. He hasn't the delegates. The convention has been
carefully organized. Mr. Roosevelt will find it hard to stampede."

Senator Smoot is an avowed supporter of Root. He said that the chances of nomination as
between Hughes and Root are about fifty-fifty; that one or the other will grow stronger when the
convention opens; but there will be no break-up; there will be no dark horses.

Roosevelt broke loose today with a terrific clatter. He issued a long statement declaring
himself for universal military training and his press bureau rained down upon the newspaper men
of Washington a shower of indorsements and rumors from various Wall street magnates in his
behalf. The colonel has turned into the home-stretch and the band has begun to play.

It is difficult to accurately gauge his strength; but it is not difficult to gauge the menace of
whatever strength he can muster.

ROOSEVELT DANGEROUS PART OF CRISIS.

Even as the colonel himself has said, the affairs of this country stand at a dangerous crisis
and he is the most dangerous part of the crisis. Either the war in Europe is about to end or it is
not. If it comes to a conclusion within a year it must come by reason of the efforts of America.
And America cannot exert such an effort through President Wilson. Even the most ardent sup-
porter of his administration must admit that Mr. Wilson is despised and held in contempt in
both Germany and England. He is regarded as a hypocritical moral coward. I state this fact
as based on personal experience and investigation. Both in Downing street and in Wilhelm-
strasse our queer and contemptible foreign policy is regarded as the personal weakness of Mr.
Wilson and not as the expression of the American people.

Foreign governments are accustomed to dealing with the firm Republican party. A Republi-
can President of the United States would be more likely to bring about peace than would a de-
cisive victory.

If peace should be brought about through some other agency, the United States will be
brought face to face with a crashing chaos, industrial, financial, which cannot be weathered with
the wild and rudderless policies which Mr. Wilson has tinkered with—one after another.

Not only the United States but the poor, tortured, half-crazed old world needs a Republican
administration and needs it badly.

The world is not likely to get it if Col. Roosevelt becomes the nominee.
Back here in the strongholds of the G.O.P., the feeling against political traitors is too strong.
Every time they look at the White House, or every time the President flops to some new and
strange position, the old war horses curse Roosevelt rather than Wilson. But for the dirt that the
colonel drove into the back of the Republican party there would have been no Wilson.

With some Republicans it is a matter of vengeance; with others it is a conscientious con-
viction. Many of the best men in the party feel that it is a question of honor—that it would be better
to let the old party go down to defeat—to extermination if necessary rather than to accept an
enforced treaty with a traitor. There is a great deal of force to the contention of these men that
there are conditions in which a party cannot honorably be victorious.

To be candid about it, most of the political managers of the G.O.P. are prepared to swallow
the colonel and do the best they can with him if he is nominated; but they realize that at many
hundred thousand firesides throughout the United States sit high-minded, steadfast Republicans
who feel that they could not with clean hearts accept Col. Roosevelt as their candidate.

The hope of the Democrats—expressed to their intimates, is that the colonel will be the choice
of the Chicago convention—many Democratic leaders have told me in confidence that they feel
that the nomination of Col. Roosevelt is the only hope of the Wilson administration. They feel
that any Republican nominee who has been seriously mentioned can beat Wilson, but they feel sure
Wilson can beat the colonel.

Coming now to the probabilities presented by the Chicago convention. Everything at the
present moment looks favorable to Justice Hughes. The more noise Mr. Roosevelt makes, the
stronger the Hughes boom grows.

The great difficulty is that they cannot get a word out of him. No one even knows to a dead
surety that he will run. Several attempts have been made to interview him on the subject. The
latest took place today.

He offered to throw out a correspondent who bumpily demanded a statement as to his
attitude on the Brandeis case. The others he treated with great cordiality and no conversation.

JUSTICE'S ANSWERS TO ALL.
He answered every question with one remark: "I have nothing to say."

On its chagrined return, one of the delegation was eagerly set upon by politicians but had no
report to offer.

"Well, couldn't you tell from the expression on his face?" asked some one, hopefully.
"Gee, he didn't have any expression on his face. He didn't have anything on his face but
whiskers."

The general opinion is that Justice Hughes will go to Chicago as the strongest candidate in the
opening skirmishes. It does not seem likely, in view of the recent Roosevelt activity, that the
Hughes people will attempt to hold anything back. They will shoot all they have at the get-away.
If Hughes isn't strong enough to ride over the favorite sons in the opening drive, the nomination
of Mr. Root becomes a brighter probability.

In one way, this convention will probably be different from all other Republican conventions
that have been seen. Nearly all the leading candidates are close friends and associates. In fact,
it is said that the favorite sons form a sort of little mutual admiration society. This makes a stamp-
ede much less probable.

SUPERIORITY OF ROOT.

Most of the favorite sons are in the Senate and, in the Senate, Root was and is a kind of
cult. He is universally recognized and admitted to be one of the greatest intellects who ever
adorned a seat in that body. If they can't be elected themselves, the favorite sons would unques-
tionably prefer Root to any other candidate.

The Root supporters in Washington feel less alarmed over the colonel than any of the others.
"This shouting and noise," they say, "is just the band playing. It means very little. Most
of it comes from the colonel himself. None of it seems to come from men who will have a vote in
the convention."

One of the features of the Roosevelt boom that irritates politicians who are less skilled in
publicity than the colonel, is the meaninglessness of the colonel's "platform" which he is making so
much noise about. It is noted that the colonel has softly dropped overboard into the inky waters
of the night all the famous Roosevelt policies such as conservatism. He is standing just for

MAY BUY OIL LAND FOR GOVERNMENT.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 30.—A resolution directing the Secretary of the Interior to report on the advisability of government acquisition of all oil properties in the country by condemnation or purchase, and another resolution to have the Bureau of Mines collect statistics relating to production, manufacture and marketing of petroleum and its products, were approved today by a House subcommittee.

The resolution of Representative Randall of California asks for an estimate of navy fuel needs for ten years and the effect upon the navy if oil lands are permitted to remain in private ownership.

HOIST THE FLAG JUNE FOURTEENTH.

PROCLAMATION IS ISSUED BY PRESIDENT WILSON.

(BY A. P. NIGHT WIRE.)

WASHINGTON, May 30.—President Wilson today issued a proclamation calling upon the people of the United States to celebrate Flag Day June 14, with patriotic exercises, giving expression to "our thoughtful love of America." The proclamation follows:

"My fellow countrymen:

"Many circumstances have recently conspired to turn our thoughts to a critical examination of the conditions of our national life, of the influences which have seemed to threaten to divide us in interest and sympathy, of forces within and forces without that seemed likely to draw us away from the happy traditions of united purpose and action of which we have been so proud.

"It has, therefore, seemed to me fitting that I should call your attention to the approach of the anniversary of the day upon which the flag of the United States was adopted by the Congress as the emblem of the Union and to suggest to you that it should, this year and the years to come, be given special significance as a day of renewal and reminder, a day upon which we should direct our minds with a special desire of renewal to thoughts of the ideals and principles of which we have sought to make our great government the embodiment.

"I, therefore, suggest and request that throughout the nation and, if possible, in every community, the fourteenth day of June be observed as Flag Day with special patriotic exercises, at which means shall be taken to give significant expression to our thoughtful love of America, our comprehension of the great mission of liberty and justice to which we have devoted ourselves as a people, and the realization of our duty to make it a reality for all.

"Let us on that day rededicate ourselves to the nation, one and inseparable from which every thought that is not worthy of our fathers' first voice of independence, liberty and right shall be excluded and in which we shall stand with united hearts for an America which has never been permitted to be established or has been afterwards banished by a vote of the people.

"It is in the conviction that the government may ask for a plebiscite on the question of provincial prohibition.

HARD CIDER SEIZED.

SEATTLE (Wash.) May 30.—The police today seized a quantity of hard cider at two cider factories in this city. Analysis showed that the percentage of alcohol in the cider ranged from five to twenty-four per cent.

MAHANAY CONFERS WITH TELEGRAPHERS.

(BY A. P. NIGHT WIRE.)

NEW YORK, May 30.—Roland B. Mahanay, a mediator representing the United States Department of Labor, appeared before the Western convention of the International Commercial Telegraphers' Union in session here today, in an effort to avert a threatened strike. He will confer tomorrow with representatives of both sides of the controversy.

PARISIANS HONOR SLAIN AMERICANS.

(BY ATLANTIC CABLE AND A. P.)

PARIS, May 30.—Impressive ceremonies were held in the Place des Etats Unis today in commemoration of Americans who had been killed fighting for the cause of France in the present war. The statues of Washington and Lafayette were buried under masses of flowers.

The American aviators were represented at the ceremony by Lieut. William Thaw and the American ambulance by Prof. A. Platt Andrews. Addresses were delivered by Abbe Felix Klein and the Rev. Dr. Samuel N. Watson, rector of the American Church of the Holy Trinity, and a poem was read by Alan Zeeger of the foreign legion.

POSTMASTER ARRESTED.

(BY A. P. NIGHT WIRE.)

GREYTON (Iowa) May 30.—Leo S. Fleming, postmaster of Arleta, Iowa, was arrested today on a charge of misuse of government funds. Fleming will be brought before the United States Commissioner Hunt here for a hearing.

Confederate army. He proved his daring with such effect that he became a scout for Gen. J. E. B. Stuart and led the celebrated raid around McClellan's army on the Chickahominy. In Richmond, a year later he recruited an independent cavalry troop which became famous as Mosby's Partisan Band. Mosby's most brilliant exploit was the capture of Gen. Stoneman, the capture of Gen. Stuart, and the capture of Gen. Lee.

Monrovia. FORMING COMPANY OF STATE TROOPS. NEW GUARD ORGANIZATION IN PRACTICALLY ASSURED. Preparedness is watchword of those active in gathering recruits—Fireman, with Gas Pipe Lashed to Broken Steering Knuckle, Guide Runaway Truck.

LOCAL CORRESPONDENCE. MONROVIA, May 30.—With preparedness as the watchword, the final steps are being taken for the organization here of a company of the California National Guard. A minimum of sixty names for enlistment is required, and eighty-nine have already signed, so the company is practically assured. In addition to the local aspirants for military training are a dozen living in Anaheim who have asked permission to join the local ranks. Frederick Schwartz, who has been appointed by the Chamber of Commerce to rush the organization through, says all the necessary papers have been sent to the Governor at once, and hopes to secure immediate action in connection with the establishment of a company of militia here in the recent arrival of Col. J. A. Maney, retired United States army officer, who has come here to make this city his permanent home. Col. Maney, who was retired four years ago after forty years' service, a veteran of the Boxer rebellion, Cuba and the Philippines, and has been promised to instruct the militiamen in army tactics, for the present, at least.

Guiding a bouncing, bucking runaway motor truck down a mountain roadway by sitting astride the hood and steering with a piece of gas pipe wired to the broken steering knuckle, is a feat that put several thrills into the brief vacation of Harry Stevens, driver of the Monrovia truck. Stevens, who, with four companions, has just returned from a three-day trip to Big Bear Lake, Mr. Stevens piloted the heavy car half a mile down the steep hill, after the brakes had given out, and finally stopped the truck unharmed, on an up grade. Three of the four men with him jumped but Enos Fisher, who drove while Mr. Stevens sat on the hood, was stuck to his post.

SLAYER AN ANARCHIST. Deaves Los Angeles to Organize Russian Laborers in North. SAN FRANCISCO, May 30.—The man who killed Police Sergeant J. J. Morarty here last week and was himself shot to death in a thirty-minute battle with the police was identified today as Vladimir Osokin, an anarchist who came here six weeks ago from Los Angeles to organize Russian laborers at the Union Iron Works.

JURY OF WOMEN. PORTERVILLE, May 30.—For the first time in the history of Porterville a venire of women has been summoned for jury duty. City Recorder Schuhl yesterday placed in the hands of local officers for service subpoenas for thirty-five of the most widely known women of this city, and from this list will be chosen a jury to try William E. Jones, a barber, arrested for illegal selling of liquor. Judge Schuhl declares that in the past cases of this class have been decided too much on sentiment and in confidence the women will be more "judicial-minded."

OTHER CANDIDATES' VIEWS. As a matter of fact Mr. Root and probably all the others stand for sound military preparations and for an Americanism that does not admit of turning traitor to the party that is unwilling to elect you to office. The part of the colonel's platform that he talks about is Americanism. The part of his policy that Republicans cannot forget can best be described as Mexicanism.

TRANSPORT SUNK BY THE ITALIANS. (BY ATLANTIC CABLE AND A. P.) ROME (via Paris) May 30.—A large transport steamer was torpedoed and sunk by an Italian warship in the Adriatic harbor of Trieste on the night of May 28, it was officially announced this afternoon.

CASTORIA For Infants and Children In Use For Over 30 Years Always Best

Why Shouldn't the Standard Oil Company make the best oil?

Over 40 years experience in the refining of petroleum—plant equipment and refining methods that are unequalled—supervised by experts that have spent their lives in the manufacture of good lubricants—Why shouldn't Zerolene be the oil best suited to your motor?

ZEROLENE the Standard Oil for Motor Cars

is scientifically refined from selected California crude—selected-base. Engineers of the Packard and other automobile companies, Exposition Juries, a noted French chemist, U.S. government experts, —all have recently declared that, for motor-cylinder lubrication, an oil made from western asphalt-base crude can be made not only equal but superior to paraffine-base oils. And Zerolene is not only made from the right crude, but made right—the best oil the Standard Oil Company can make. When you empty the crankcase refill with Zerolene.

TO BEAT WILSON. (Continued from First Page.) "Americanism." The fact that all the other candidates and most of the hundred million people in America are also standing for Americanism does not deter the colonel. He claims exclusive proprietorship of all cardinal virtues.

THE COLONEL SAYS THAT THIS IS A heroic age and he recognizes the fact that the heroes who get the loudest applause are those who explode harmless platitudes without any particular meaning. What does Americanism mean anyhow? That the colonel does not approve of assassinating Presidents, tearing down the flag, making a present of the nation's capital to foreign governments, declining to sell the plans of forts, making a harbor as well as an announcement that he stands on a platform of insistence that it is not etiquette to burn little babies alive or torture blind beggars or to strangle one's mother.

EVENTS BRIEFLY TOLD

Musical and Dancing.

Members of the New York State Society will meet Friday evening at the Times assembly rooms. Raymond E. Blight will be the principal speaker. An interesting subject program will be rendered, to be followed by dancing.

Newman Club Election.

The annual election of officers of the Newman Club will occur this evening at a dinner to be given by the club at the Clark Hotel. A paper on "The History of Religious Communities in Los Angeles" will be read by P. J. McGarry. Attached and Robbed.

Attacked by two men as he stood near Fifth and Central streets early last night, C. F. Meinberg, of No. 1444 West Jefferson street, was taken to the hospital and robbed of a purse containing about \$60. According to Mr. Meinberg, the two strangers followed him from the Southern Pacific Station and then attacked him. He was unable to give the police a good description of the two men.

Jovian Meet Today.

When the Jovian Electric League meets for luncheon today, at Jahnke's, Charles E. Lienewalter will be in the chair as officer of the day, and the principal speaker will be James M. Sherman, former governor of Minnesota. Philippine Islands. Also there will be a two-round boxing match, by way of diversion, and Alice Starr-Williams will play a program of piano music.

For Bible Teachers.

The Los Angeles Graded Union of Sunday-school Teachers will meet at 9:45 o'clock this morning in Berean Hall, Temple Auditorium. Mrs. G. C. Crook will be the subject of "Training the Teacher," and Mrs. A. R. Good's subject will be "The Church School." Lessons will be taught in all grades at 9 o'clock, and at 11 o'clock Dr. Frederick Farr will lecture on "The Life of Christ."

Michigan Society to Meet.

An interesting and varied program has been arranged for the Michigan Society meeting in the Times assembly rooms at 8 o'clock tonight. Frank Row will appear as a one man Italian band; vocal solo, by Miss Anna Hoffman; Armenian guitar solo, by Lewis Lortan; reading, "The Critters' Dance" (Paul Lawrence Dunbar), by Mrs. T. L. O'Brien. Dancing will follow the program.

For Irish Sympathizers.

A meeting for the purpose of expressing sympathy with the women and children of Irishmen who lost their lives in the Dublin riots will be held under the auspices of Dillon Division, Ladies Auxiliary of the Ancient Order of Hibernians, at 8 o'clock Friday night in the Knights of Columbus Hall. The meeting will be opened with the Irish requiem, "The Memory of the Dead," and will be followed by patriotic songs. Several noted musicians will appear, and Miss Kathleen O'Brien, an Irish writer, will give an address on "The Women of Ireland." In Mass Program.

Students of the College of Music, University of Southern California, will present an attractive program of vocal piano and violin music, to which the public is invited, tomorrow afternoon at 4 o'clock, in Symphony Hall. Dean W. F. Skeels will preside at this concert, the final one of the year. Those who will take part are: Miss Pearl Rehn, Margaret Mathes, Theta Lynn, Gephil McQuinn, Mae Franklin, Marion Dolly, Pauline Pearce, Catherine Lennox, Bessie Martin, Virginia Lee Moore, Mabel Culver, Marjorie Schoeller, Mrs. Marion Hancock, Mrs. Grace Bishop and Frank W. Otto, Jr.

PROSECUTION FAILS.

FRENO, May 30.—Following the order of a new trial by the Supreme Court in the case of Roy Wagner, serving eight years in San Quentin on a manslaughter charge as the result of the death of his aged father, the District Attorney's office today requested that the case be dismissed. One of the features of the case was the introduction of wooden dummies to prove that the shooting was not accidental, as alleged by the son.

More Expense. (New York World.) "Mr. Rosa has promised to donate a new lecture to the church."

"Yes, and I suppose he'll expect the rest of us to chip in and hire somebody to play the blamed thing."

"TIZ" FOR TIRED, PUFFED-UP FEET

Instant relief for sore, aching, tender, calloused feet and corns.

"Full, Johnny, Full!"
You're footsick! Your feet feel tired, puffed up, chafed, aching, sweaty, and they need "Tiz." "Tiz" makes feet remarkably fresh and sore-proof. "Tiz" takes the pain and burn right out of corns, calluses, and bunions. "Tiz" is the grandest foot-gladdener the world has ever known.

Get a 25-cent box of "Tiz" at any drug store and end foot torture for a whole year. Never have tired, aching, sweaty, smelly feet; your shoes will fit fine and you'll only wish you had tried "Tiz" sooner. Accept no substitute.

Too Bad!
CROSSES OCEAN, BUT CARS MAKE HER ILL.

HAWAIIAN LADY IS DETAINED HERE BY MALADY.

On First Trip to California Since a Child She Discovers that Steam and Electric Cars Give Her Most Disagreeable Sensations—Wants to go Home.

Although ocean travel holds no terror for Miss Celeste Bond of Kalahe, Hawaii, daughter of Rev. I. L. Bond, one of the pioneer American missionaries of the island, the sight of even a street car gives her a sinking sensation at the waist line. Miss Bond, who is at the Alexandria on her first trip to California since a child, discovered this upon her arrival at San Francisco last week.

According to members of the party with whom she made the trip, Miss Bond did not display even the preliminary symptoms of malady until she disembarked from the boat and stepped into a San Francisco street car. The effect of the car ride held the party in San Francisco three days.

At the end of that time Miss Bond thought she was strong enough to risk a trip to Los Angeles. Monday night she left in a lower berth. A perfectly good supper, dinner and breakfast was wanted, but she could not eat. The party arrived at Los Angeles yesterday. Today they were to have gone on to San Diego, but owing to Miss Bond's condition, it was decided to make an indefinite stay at the Alexandria, or somewhere in the suburbs, where the noise of street cars will not awaken unpleasant memories.

Members of the party are divided on the cause of her illness. Some say it is a belated attack of sea sickness; others declare it is true motion sickness. Miss Bond only groans and says: "Oh! Please don't bother me about it. I want to go back to Hawaii."

Duffy's Pure Malt Whiskey

is advertised extensively and sold extensively, because the demand created by advertising is backed up by the quality of goods, inspiring confidence and goodwill.

The reason Duffy's Pure Malt Whiskey is so popular is because it is different from any other whiskey and is recommended for medicinal use only. It is made from the finest grains obtainable and thoroughly malted to assist digestion. It is especially processed to remove every possible trace of any injurious substance. Taken in the prescribed dosage of a tablespoonful in water or milk before meals and on retiring promotes digestion and assimilation of food upon which health depends.

As a stimulant in emergencies it is unsurpassed. Always keep a bottle in your medicine chest—it is dependable.

NOTE—Get Duffy's from your local druggist, grocer, or dealer, \$1.00 per bottle. If he cannot supply you, write us. Send for useful household booklet free.

THROW AWAY YOUR HAIR DYES

Use Q-Ban Instead—It is Harmless, No Dye, but Darkens Gray Hair So Evenly No One Can Tell.

Whenever your hair falls out or taken on that dull, lifeless, faded, streaked or gray appearance, simply shampoo hair and scalp a few times with Q-Ban Hair Color Restorer. All your gray hair then turns a beautiful dark shade, and entire head of hair becomes evenly dark, wavy, soft, fluffy, abundant, thick and charming—just as hair appeared when you were 16 or 18 years old. Q-Ban is a ready-to-use delightful hair color restorer, perfectly harmless, but applied 2 or 3 times a week, besides darkening gray hair, makes scalp healthy and clean, stops dandruff and falling hair and promotes its growth. Give it a trial. Sold on a money-back guarantee. Only 50c for a big 7-oz. bottle at McKay & Monahan Drug Stores, Los Angeles, Cal. Out-of-town folks supplied by mail.—Advertisement.

He was catapulted into space when the machine overturned in starting to arise. Mr. Boyd was not hurt.

HUNTS MEXICAN SLAYER.
(LOCAL CORRESPONDENT.)
VISALIA, May 29.—Sheriff Padillo is searching today for Jose Padillo, a Mexican, who shot and killed a countryman, Manuel Negrito, at Exeter. The shooting followed a quarrel after the men had engaged in a drinking bout. Two weeks ago Negrito and Padillo fought over the attention of a Mexican girl and Negrito knocked Padillo unconscious with a rock. The fatal shooting is believed to have been an outgrowth of that affair.

CONGREGATION WOULD SECEDE.

Trial of Pastor Rees Taken on Serious Aspect.

Verdict Expected Today from Board of Elders.

Most Serious of the Charges Formally Considered.

A seriously and solemnly conducted church trial, without either the defendant or his attorneys present, continued all day yesterday in the First Church of the Nazarene. It will be resumed this morning, and the trial board, consisting of five elders of the Pentecostal Church of the Nazarene, are expected sometime today to reach a decision on the general charges of "un-Christian conduct" filed against Rev. Seth C. Rees, pastor of the University Nazarene Church of Pasadena.

Should this decision, as fore-shadowed by those who believe that Mr. Rees has already read himself out of the church, be adverse to the extent of suspension or expulsion, the pro-Rees faction declare that the congregation, almost solidly behind their pastor, would secede and leave the Nazarene Church with him.

On Monday, after rulings on remittances, Pastor Rees and his attorneys withdrew from the trial, declaring that so far as they were concerned they were through with it all, and would depend upon the district assembly as the proper body to head charges and try them. When the trial board, which was appointed by the district assembly to try this particular case, assembled at 10 o'clock yesterday morning, there was not a word from the defendant or his attorneys. The trial board proceeded to hear witnesses. All day, up until 5 o'clock last evening, these witnesses gave their testimony, and there are yet four to be heard.

Much of this testimony was very pertinent to the most serious charges, said Attorney Merriam, who is counsel for the plaintiffs, yesterday. "Of course, the board, in the absence of the defendant, tries to bring out both sides of the case, and it will proceed just as fairly as possible, regardless of the fact that the defendant and his attorneys have withdrawn."

It was intimated that the trial board will make its final disposition of the case tomorrow.

VETERANS HONOR MEMORY OF THEIR DEAD COMRADES
Old Soldiers, Well-loved Guests of a Grateful Nation, Gather at the Bivouac of the Departed to Pay Them Tribute—Stirring Patriotic Addresses Recall the Brave Story of Nation's Defense.

WAR GREAT SUFFRAGIST, SAYS MRS. PANKHURST.
Determined to avoid the question of suffrage as much as possible, and declaring her present life work to be only to aid her country and the stricken smaller nations suffering as allies, Mrs. Emmeline Pankhurst, world-famous leader of English suffragettes, arrived at the Alexandria last night. She is to appear tonight at a benefit meeting to be held in Trinity Auditorium by the Belgium Relief Committee of Southern California.

At Soldier's Home.
The Memorial Day address was delivered by Dr. Day. He paid a stirring tribute to the veterans present, and frequently referred to Lincoln and Washington. He declared the present time offered another opportunity for Americans to show their patriotism in holding their country steady during the present world crisis. Officials representing city and county were present on the platform. The invocation was delivered by Chaplain O'Neill J. Nave and musical numbers were rendered by the veteran fire and drum corps, the Christian Endeavor chorus, Buglers Harry Hall and O. P. Thomas and the Moffett.

VETERANS AT TABERNACLE.

They Hear a Stirring Sermon from Pulpit Orator.

Evangelist Gives a Graphic Portrayal of Memory.

People of Illinois are to be in Evidence Tomorrow.

SERMON SNAPSHOTS.

There are two things—conscience and memory—that we shall have a great deal to do with, both this side the grave and in eternity.

My good old Quaker grandmother was so strict that she'd have flogged the vinegar barrel if she'd found it working on Sunday. She literally "flogged" her children; she didn't "rear" 'em.

When you stand at last at the judgment bar, memory as never before will spring into life, and, freed when God shall speak, the past, written in indelible ink, will confront you there.

Nothing will kill a man's influence quicker than the reputation of being a tightwad. Some people are so stingy that they sing through their noses to keep from wearing out their false teeth.

I believe you can find a church dead as a doaner by putting into a place of authority men whose only quality is wealth and a willingness to spend money—to dominate, and dictate, and tell how the church shall be run.

Some cautious soul warned Evangelist Brown not to try to hold a meeting on a national holiday, but he didn't heed the warning and he was punished by the biggest afternoon audience he has yet had, yesterday, in spite of all counter-attractions on account of Memorial Day.

Many old soldiers sat in the audience of 3000 and listened to the splendid music and heard the word

of God propounded. The floral decorations, which are always elaborate and beautiful, were unusually so in deference to the day. A mass of exquisite bloom extended along the sermon, on "Thought," was one to set a body thinking—and thinking about right lines. The tabernacle was crowded to capacity, special seats being reserved for members of the G.A.R. and the W.R.C. at the evening service.

As the time of closing the campaign draws near the throngs are more eager to come. Yesterday the chief of the fire department telephoned to request reservations for the night, when 20,000 firemen with their wives and daughters, will attend in a body.

Parents are requested to send children over 12 years of age to the tabernacle Saturday morning at 10 o'clock, when Chorus Director Curry will organize and drill a children's choir, preparatory to the children's mass meeting in the afternoon. This will be a rare opportunity for juvenile singers, for Mr. Curry has a wonderful faculty for teaching little folks to use their voices.

Thursday night will be Illinois night. The natives of that commonwealth are preparing to crowd the center section of the tabernacle. The Missourians turned out nearly 1000 strong, and the Iowans are not at all satisfied with the showing they made and have asked for another chance, so they have been assigned Wednesday night of next week, when they intend to give a visual demonstration of the number of transplanted Iowans in Los Angeles.

Evangelist Brown reached the height of eloquence and personation in his sermon on "Memory." In all the series of wonderful addresses that he has delivered during this campaign none has shown more conclusively the positive genius of this man who waxes the crowd from laughter to tears, and by his passionate pleading wins souls for the kingdom. He who was not moved by that sermon, at least with admiration, if one may use so cold a term,

must be entirely incapable of appreciating the oratorical power of the man.

"The only way to cover the past," he cried, "is to get under the blood of Jesus Christ. He will blot out your transgressions, and he will forgive and remove your sins as far as the east is from the west." He goes further: "I'll blot your sins out of the book of remembrance and remember them against you no more; God will forget your sins."

In response to this appeal many knelt at the altar and, by this act, consecrated their lives to Jesus Christ.

SERVED HIS COUNTRY.

Army and Navy Veteran who Sailed in Pacific Fleet of Sixty Years Ago, and Enlisted in Civil War, Passes at His Home Here.

With an unusual record of enlistments, which occurred half a century ago, as a vitaph, Nelson Bassett, 82 years of age, passed away early Monday morning at his residence, No. 418 East Eighty-fourth place, following an illness of five months. Funeral services will be conducted at the chapel of Draper & Dellenbaugh, at 10 o'clock tomorrow morning. Interment will be in the soldiers' plot at Rosedale Cemetery.

Mr. Bassett enlisted January 12, 1861, as an able seaman for a term of three years, at San Francisco. He served his period on board the U. S. S. Albatross, and was discharged in 1864. He was then employed as a merchant seaman, sailing between China, Japan, Australia and the South Sea Islands.

December 16, 1861, Mr. Bassett enlisted for service in the Civil War, in the Michigan Lancers, at Detroit. The Lancers were discharged in action, following his discharge. Mr. Bassett operated a ferry on Lake Michigan until March 7, 1865, when he enlisted in Co. D, Eighth Michigan Cavalry. He participated in numerous minor skirmishes, and was finally discharged on September 2, 1865. He was for a number of years a member of Stanton Post No. 55. He leaves a widow, Mrs. Lacy Bassett, and five sons and three daughters.

IN COMRADES' MEMORY.

Employees of "The Times" Decorate Graves of Dynamic Victims.

Following a custom observed annually since the tragedy of October 1, 1910, when the original Times Building was destroyed by dynamite, employees of the mechanical and business departments of The Times yesterday attended Hollywood Cemetery and decorated with flowers the graves of sixteen victims of the disaster.

It has been the custom of "The Phalanx" each Memorial Day to go in a body to the cemetery for this simple ceremony. No services are held. Appropriate flowers are strewn over the graves, the other participants in the ceremony standing by with bare heads.

This year gladioli, furnished by Edward & Smith, florists, were used.

HIGH MARKS OF VALOR THEIRS.

Roll of Honor Veterans Pay Tribute to Comrades.

Each Decorated for Extreme Gallantry in Field.

One Recaptured Flag; Other Led Dash on Trench.

Among the members of Stanton Post No. 55, Grand Army of the Republic, who stood with bowed heads before the graves of departed comrades yesterday were Sergt. George S. Myers and Benjamin F. Hilliker, who believe themselves to be the only medal of honor roll members in Los Angeles, and perhaps the only California men now living who have received this distinction.

Mr. Hilliker is a retired carpenter of No. 428 North Broadway. Sergt. Myers is a conveyancer, with offices at No. 1942 East First street and a residence at Hermosa Beach. Each is 73 years of age, and received his medal "for having in action involving actual combat with an enemy distinguished himself conspicuously by gallantry or intrepidity at the risk of his life above and beyond the call of duty."

Sergt. Myers was a member of Co. F, One Hundred and First Regiment, Ohio Volunteer Infantry. Mr. Hilliker was a drummer in Co. A, Eighth Regiment, Wisconsin Volunteer Infantry. This regiment was famed throughout the Civil War for the eagle which it carried in battle.

RECOVERS FLAG.

At the battle of Chickamauga, September 19, 1862, the Confederates captured the colors of Sergt. Myers' regiment. He, with six companions, fought away through to the colors and recovered them, though the sergeant's six companions were all killed as they rushed back toward the Union ranks, bearing the flag. Sergt. Myers was wounded by a bullet in the right shoulder, but was successful in his exploit. For this he received the medal of honor.

Mr. Hilliker, with his regiment, was in action at the siege of Vicksburg. Often he left his drum upon the battlefield and volunteered for skirmish duty. He received his medal for leading a skirmish line, at Mechanicsburg, to the Confederate trenches, which the men with him captured June 4, 1863. As the conflict progressed Mr. Hilliker was shot through the head. The bullet entered below and slightly to the right of his nose, shattered the teeth in his left jaw and emerged below the left ear.

Each received two medals for his actions—one immediately after the war and the other six years ago. All members of the Medal of Honor roll are entitled to an extra pension of \$10 per month, dating from the time of their application for this pension, which was created by an act of Congress two months ago.

TROPHIES OF VALOR.

Sergt. Myers' medal bears the inscription:

Of Few Surviving Honor Roll Men.

EFFICIENCY IN STUDY.

School Latin Beginners Surpass Those of Intermediate.

Statistics compiled at the Los Angeles High School show that Latin pupils who take their ninth-grade class in high school rank higher than those who do the corresponding term in intermediate schools. The figures show that out of the 474 pupils who took their ninth-grade Latin at Los Angeles High, 12.3 received the rating of "A" and but 1 per cent failed in their Latin work. Six and one-tenth per cent of the intermediate school pupils received "A" and 4.1 per cent failed in the same class.

VISITOR FROM CHILE.

Grandson of Late President of South American Country Comes to United States to Continue Course in Engineering. Says His Country's Prospects.

Hernan Ben-Montt, grandson of the late Pedro Montt, ex-president of Chile, and a nephew of the present Chilean Minister of War, arrived yesterday at the Rosebud on route to attend Harvard. Last Ben-Montt recently graduated at the United States Naval Academy, and is now a member of his class from the Naval Engineering School of Chile, and after several months' service as an officer in the navy has been detailed to continue his studies in the United States.

"I love my country," said Ben-Montt, "and to none in many ways, the best educational advantages, particularly along technical lines, can be had only in the United States. I intend to devote myself to electrical engineering studies, with a view to helping develop the endless hydro-electric possibilities of my country."

"I am very prosperous just now, despite the lack of shipping. Our vast mineral resources are being worked to a greater degree than before the war, prices are higher, and while living expenses have gone up in proportion, money seems to be plentiful and every one is getting a share of it."

OLIVE DRAB FOR MILITARY BLUE.

Militia to Follow Lead of Regular Army in New Color of Uniforms.

When California's militia marched down the street clad in blue yesterday, it was probably the last time the historic color will be used in this State in a military uniform. An order calling in the blue uniforms and substituting olive-drab has been issued by Adjt.-Gen. Thomas of Sacramento, one of the first to receive it being Capt. C. P. Rowe, of Col. D. Pomona.

Brig.-Gen. Wankowald stated that he had not yet received the special order for the change of color, but that if some of the companies had been ordered to make the change all of the militia will receive similar orders. The matter has been under consideration several months.

The olive-drab uniform will be used for both service and dress, as in the regular army, and the blue uniform will become a memory, associated with brave deeds on many battle fields, but seen only when the thinning line of war veterans pass in review on Memorial Day.

ON FLOWERY PATH.

Children Strew Posies as Veterans March to Service.

(LOCAL CORRESPONDENCE.)

RECONDIDO, May 30.—Escorted from the Grand Army Hall to the Congregational Church by fifty boys and girls of the upper grades of the city grammar school, the latter strewing flowers in the pathway as they entered the church, the veterans participating in today's Memorial exercises listened to an address by Rev. L. A. Goddard, pastor of the Congregational Church. Seated with the veterans were the members of the Relief Corps and members of the local camp of the Spanish-American War. An elaborate floral arrangement completed the decoration of the graves of soldiers.

EHLE PROBABLY TO MEET WILLIE HOPPE.

It was learned last night that Willie Hoppe will not fight Tommy McFarland Thursday night at Jack Doyle's Vernon arena, the reason being that Brother McFarland couldn't get by the physician because of a congested condition of his lungs. As a substitute bout it is considered practically certain that Hoppe will take on Walter Ehle, the tough youngster who has fought several wild draws with Louis Rees recently. Ehle is a hard-boiled young man who likes the rough going, and he will have the time of his life if he faces Hoppe.

HONEY BOY WINS POWERBOAT RACE.

TACOMA (Wash.) May 30.—Honey Boy, owned by N. H. Lattimer of the Seattle Yacht Club, was the first to cross the line in the finish of the handicap power cruiser race from the Seattle Yacht Club to the Tacoma Yacht Club this morning. The Sans Souci II, P. Schmitts of the Seattle Yacht Club, was second, and Corral, R. F. Jacobs of the Tacoma Yacht Club, third.

OREGON AGGIES FORFEIT TITLE.

PULLMAN (Wash.) May 30.—Oregon Agricultural College forfeited the northwest college conference baseball championship to Washington State College. In a message received here today the former announced its inability to play. It is understood that Williams, the star pitcher of the Oregon Aggies, has been declared ineligible.

TRAP SHOOTERS VIE IN HUGE TOURNAMENT.

SAN JOSE (Cal.) May 30.—The second day's programme—eight events at twenty-five targets—brought out ninety crack shotguns men of California and Nevada and resulted in a triumph for shooters from the San Joaquin in the amateur division and San Francisco and Los Angeles in the professional class. G. A. Adams, Fresno, with 181 out of 200, finished with high average among the amateurs. His closest competitors were D. C. Davidson, Modesto, 194; A. P. Halliburton, Lindsay, 191; W. S. Pease, Elko, Nev., 189; Toney Prior, San Francisco, 190. Dick Reed, San Francisco, 188, second; G. E. Hollahan, Los Angeles, 185; C. H. Knight, San Francisco, 182; M. O. Peudner, San Francisco, 181.

Harry Lorenson, Newman, won the miss-and-out event from R. N. Fuller of Tulare in the shoot-off, after trying with him with twenty-five straight in the amateur division, and Guy Hollahan of Los Angeles, the miss-and-out professional, from Al Cook, Los Angeles. The winners of special trophies were: Hunter trophy—Grant Adams, Fresno, three straight runs of 35 each; D. C. Davidson, 25-25-24, second. Sorenson trophy—Grant Adams, 25-25; D. C. Davidson, 25-24, second.

Resta Wins.

(Continued from First Page.)

Locain's No. 21, DeLage, sixty-first lap, turned over.
Atkinson's No. 18 Peugeot, seventy-first lap, broken valve.
Anderson's No. 28 Premier, seventy-sixth lap, broken oil pipe.
Lewis's No. 25 Crawford, seventy-first lap, broken gasoline pipe.
Chevrolet's No. 8, Frontenac, eighty-third lap, withdrawn voluntarily.
Atkinson ran into a host of trouble. No pit force ever tried better or more efficiently to make it up. In the twenty-sixth lap a left hand tire was changed in twenty seconds. Four times thereafter a right hand tire gave way and had to be replaced. One such change was made in nineteen seconds. Another time two tires were changed in twenty-six seconds. Then a spark plug gave way and finally a valve broke.

Resta's only stop at the pits was in his seventeenth lap, when he was three laps ahead of the field. At 240 miles Resta was ten, five, ahead of his nearest competitor and running easily.
Cars were identified easily, the blue Peugeot, orange Crawford, the aluminum torpedo-shaped Sunbeam, the red Frontenac and green Premier stood out from the lone, shabby white Duesenberg. Only Barney Oldfield's blue DeLage was confusing.
The race was quite a triumph for the Los Angeles-made Miller carburetor, which was used by Resta, D'Alene, Christians, Oldfield, Rickenschlager, Halbe, Johnson and Alley out of the ten prize winners.
Goodrich tires won Cord tires likewise came in for a very large share of the honors of the day, Resta, D'Alene, Mulford and a large bunch of other prize winners using the Cord equipment.

FITNELLA TAKES NEW DERBY STAKES.

NEWARK (Eng.) May 30.—The new Derby stakes of \$1000 were run today and won by Fitnella. Kwang Su was second and Nasovian third. Ten horses started. The event was for colts and fillies foaled in 1913, and the distance was about one mile and a half.

Fitnella, a bay colt, owned by the late John G. Threlkeld, was trained by John G. Threlkeld, Jr., and was ridden by John G. Threlkeld, Jr.

Life's Gentler Side-Society, Music, Song and the Dance—Los Angeles Theatrical Society.

Today has many pleasantly-anticipated happenings to enhance the social calendar. Included is the luncheon which Mrs. William Warren Orouit and Mrs. Frederic Hooker Jones will give to twenty-five women at the Los Angeles Athletic Club, to be followed by a musical party to Montebello, where the first-named hostess has a pretty country place, and then to the Jones's Sierra Madre home for tea.

The hostesses are to be assisted by a group of ladies, numbering Mrs. Sumner P. Hunt, Mrs. Frank W. King, Mrs. Russell J. Waters, Mrs. Willis J. Hole, Mrs. James Taylor Fitzgerald, Mrs. W. L. Stewart, Mrs. E. W. Clark, Mrs. C. Q. Stanton, Mrs. William Irving Hollingworth, Mrs. Joseph Harvey Miles, Mrs. Volney Beardsley, Mrs. Arthur L. Kelsey, Mrs. R. H. Baumgardner and Mrs. William J. Waters.

Miss Gertrude Orouit, Miss Margaret Kellogg, Miss Gladys Carson and Miss Emma Dwyer are to serve at the garden party, for in such will the delightful affair terminate.

Miss W. C. Hunt is also giving a large garden party this afternoon, fully 500 having been bidden to her beautiful home in Berkeley Square.

Miss Vera Loomis and Fred Delany are also to be married this evening, the ceremony being held at Central Baptist Church in the presence of many guests.

There will also be the Red Cross benefit tonight at Trinity Auditorium, with Mrs. Emmeline Pankhurst as the main attraction. Mrs. Pankhurst dresses exquisitely and speaks with power. A splendid sum for the Red Cross will be realized.

The British suffrage will be guest of honor at the Grand Prix Belgian Headquarters in the Brack shop building this afternoon, going later with Mrs. Willoughby Rodman to Mrs. Hunt's garden party.

To Wed Navy Men.

Of interest to their friends in this city is the announcement made yesterday in San Francisco of the engagement of Miss Mary E. Thompson, daughter of Mr. and Mrs. James A. Thompson, to Lieut. John W. Cumming, U. S. N., son of Mr. and Mrs. George Cumming of Portsmouth, N. H.

The bride-elect went to San Francisco with her parents two years ago, her father being in the United States navy.

Brooks-Dublin. One of the noteworthy weddings of the season was that Thursday at 3 o'clock at the home of the bride's mother, Mrs. Bess F. Brooks, when Mrs. Bess F. Brooks became the bride of John E. Dublin of Pasadena and Los Angeles.

Because of the recent illness of the bride, the wedding was a very quiet home affair to which only relatives and friends were invited.

FILMS.

HIS POWERS GLIMPSED.
Mantell makes most of his opportunities in play.

By Henry Christen Warnack.

We have about three minutes of great action from Robert Mantell in the "Spider and the Fly" at Miller's this week. Perhaps, all told, Mantell has not more than ten minutes of the sort of thing that shows him at his best. This is where he has gone to hell for woman and for draining the evil of his broken cup. In those moments he is as great as the screen he is in.

"The Spider and the Fly," however, is a picture of a man in a three-ring circus. We are given three stories to follow in order, and one of the three is really a paragon. Furthermore, the plot strains itself at many points in order to become plausible and in order to be encompassed within five reels. The movie is a masterpiece of its kind, and its support, however, make it an attractive offering.

Woodley. If you waive the difficulty of planning yourself in the social sphere of the colonial days, you will find yourself keenly enjoying "Sweet Nell of Old Drury" at the Little Theater this week. This charming bit of nothingness has been sumptuously staged and artistically directed by James Young, who had as his star the talented little Miss Murrell.

Of course, the story belongs to a day that we are all pleased to surround with a halo of romance, and any photograph of that period has the distinction of the picture-tape dress of the age, when we were so young. We were so to speak, in our swaddling clothes, and they were rather elaborate garments that we wore. We were not big, but it is more than charming.

Now the Cherniavsky brothers have many things in their act which we do not see in the local musical world or elsewhere.

There has rarely been an occasion during the present musical year when so much genuine enthusiasm was aroused among the members of the audience, as on this occasion. And even three scores became quite the rule before the end of the program for the solo numbers.

The audience was unexpectedly large, and was not without share of luminosity with some real stars to add to the occasion, among them a local celebrity, the famous Chaplin, who drew quite a bit of attention before numbers.

Japan has taken advantage of the shortage of ships plying between the United States and South American ports, and is building up an enormous fleet along the western coast of South America, according to W. O. Stevenson, American consul general at Antofagasta, Chile, who arrived at the Rossmore yesterday.

Preferential freight rates between Chile and oriental ports, and exorbitant charges for their transit from Chile to the United States, is merely a part of the program, he says. "Because of the ship shortage the enormous mineral products of Chile and other South American countries have piled up at the wharves in great quantities," says Mr. Stevenson. "As soon as the ship shortage begins to make mining extraordinarily profitable, the output of antimony, copper, tungsten and other metals used in manufacturing munitions of war increased wonderfully all along the western coast of South America."

"With no American ships, the Japanese and English soon cornered the market for Chilean nitrate, metal, purchased at prices far below those quoted in New York, or even in the United States. The party is making an extended tour of the scenic points of the country."

MUSICAL.

MESSAGE IS VIBRANT.
Cherniavsky brothers' music thrills with life.

By Edwin Schallert.

Instrumental trio music of the so-called classical type generally signifies for the layman something that requires for its comprehension an understanding of the melodic art that he does not possess—in other words it passes him by several degrees above the seat of his intelligence. Instrumental trio music as it is played by the Cherniavsky brothers, who made their bow as one man instead of three, last night at Trinity Auditorium, needs no high-toned erudition to get the gist of its message, ceaseless energy which they hurl forth over the audience in flouting rhythms and harmonies that laugh and sob and sigh and throb with an incandescent brilliancy.

Moreover, if a person cannot appreciate all the curves and arcs and angles, and arithmetical proportions of music's meanings, he will find himself fascinated even in watching the three handsome young Russians turn bare notes into haunting melody. Leo on his violin, Jan at the piano, and Mischel on his cello, with all the versatility of expression upon their faces that the actor might consider a part of his repertoire, this might be termed a performance in our country, but to the Russian mind it is probably an expression of temperamental sincerity.

There has rarely been an occasion during the present musical year when so much genuine enthusiasm was aroused among the members of the audience, as on this occasion. And even three scores became quite the rule before the end of the program for the solo numbers.

The audience was unexpectedly large, and was not without share of luminosity with some real stars to add to the occasion, among them a local celebrity, the famous Chaplin, who drew quite a bit of attention before numbers.

CITY MAY GET BIG ASSEMBLY.

Osteopaths of America Likely to Come Here.

Logical Place for Meeting of Next Year.

California Members go After it in August.

Los Angeles will be designated as the convention city of the American Osteopathic Association next year if the western osteopathic physicians can convince the national organization that this is the logical place for it when the matter comes up at the twentieth annual convention to be held in Kansas City during the first week of August.

Two years ago the western osteopaths made a determined effort to secure the convention for this community, but owing to the fact that some of the old-time osteopaths believed their brother doctors in this new school of practice too progressive, they refused to favor Los Angeles. Many of those have been won over to the realization that the introduction of surgery and other medical methods adds from mere manipulation with the hands has advanced the profession to the highest possible plane and makes it advisable to come to this State, where their science has been farthest advanced.

More than 3000 delegates and osteopaths physicians will attend the annual convention. The majority of these have been canvassed for the purpose of winning their support for Los Angeles, which is the foremost osteopathic college in the country and officials of which have carried on their fight for recognition.

The leaders of the local delegation who will carry into the convention the contest for Los Angeles are Dr. W. Curtis Brigham, president of the American Association of Osteopaths; Dr. E. S. Merrill, Dr. V. V. Goodfellow, Dr. C. A. E. Palmer, Dr. E. B. Jones, Dr. F. L. Cunningham and Dr. H. W. Forbes. They will also present the matter at the State Association convention, which meets in Oakland next week. That it will meet with approval there is unquestioned, since Dr. Brigham, the president, is a Los Angeles man, as are the majority of the board of directors.

Dr. S. J. Wyland of Santa Rosa, is vice-president, and Dr. Margaret Parham of San Francisco, secretary-treasurer.

Aside from this question, which the local osteopaths lay great stress on, the State convention will devote much time to clinical and diagnostic affairs in an endeavor to develop more new methods of this school of drugless healing.

The fact that the national medical examining board considers a single osteopath, but only members of the American Medical Association, will be a subject of discussion in the direction of securing representation on this board, which is not created by the Federal government but by the Carnegie Foundation. The fight for this recognition will resolve itself largely into the same kind of a fight that preceded the placing of an osteopath on the State medical board, one of the greatest victories won by the osteopaths in this country.

A STOLEN JOY RIDE.

Boys Who Make Business of Watching Autos at Ball Park Get Into Serious Trouble Over Using Car Without Permission and Injuring It.

Ed Lewis and Dan Simpkins had such great fun in their business that they got careless, and now are in jail on a charge of having tampered with an automobile. Each is 15 years old. They ply their trade at the baseball park, where they engage themselves to motorists to watch automobiles during the game, at a rate of 15 cents each.

When the game starts, and the motorist becomes thoroughly engrossed in the play and Dan takes the most available car for a little spin. Yesterday it happened to be the car of J. J. Leavitt, No. 1248 South Flower street. They took a longer ride than usual, and when returning rammed the hood into a telephone pole. Then they fled.

Witnesses reported to the state owner the cause of the accident, and the two boys were placed under arrest. They face prosecution on a State misdemeanor.

VOTE TUNNEL BONDS.

Prominent Real Estate Man Declares Second-street Improvement will be of Benefit to Residents in all sections of City and Asks Approval.

Declaring that a tunnel through Second-street will be of benefit to the entire community, Oscar E. Parish, a leading real estate dealer and prominent in civic affairs yesterday appealed to the voters to support the bonds for that project at the polls next Tuesday. He said: "I strongly advise that everyone vote for the \$200,000 bonds for the second-street tunnel. You cannot make a sane, public improvement that will benefit any portion of the city without it being a benefit to the whole city, and this proposed improvement of boring a tunnel through the hill that stands as a barrier is an improvement that will be a benefit to all; not alone in maintaining values of property in close proximity thereto, but in giving the public easy access and quick transportation to and from the public buildings of the city of Los Angeles which are all located north of Fourth street.

"By the submission of \$200,000 you are only asked to pay a proportionate part of the cost of the improvement, for the major portion is going to be borne by property owners in a special assessment district, and I think it is nothing but just and right that these bonds should carry, for this improvement certainly is needed and it should be much regretted that an improvement of this kind was not made ten or fifteen years ago."

WOULD MAKE PEACE.

David Starr Jordan Believes Teutons Ready to Come to Terms, and Neither Side Can Gain Decisive Victory in European War.

David Starr Jordan, peace advocate, at the Hotel Clark yesterday, said it is his opinion there can be no decisive victories in the European war, and that all offensive operations are doomed to defeat.

Dr. Jordan, who is a member of a commission composed of prominent publicists of all civilized countries, who favor a plan for permanent peace, arrived in this city yesterday.

"I believe Germany is willing to withdraw from the present conflict," said Dr. Jordan. "Although she wants to suggest her terms, I do not believe the Teuton empire will seek to retain any part of France or Belgium. On the other hand, Great Britain is anxious for victory, because she wants a strong card to play in the peace negotiations."

BOTH PURSUING AND PURSUED CRY "HELP."

ALLEGED THIEF IS FOLLOWED BY SHOUTING CROWD.

Man Begs Ride on Delivery Motor and, Drivers Say, Attempts to Make Away with Packages When They Give Chase—Kludus Captured by Leaping Over Fence.

The posse cried, "Help," to catch the alleged thief, and the fugitive cried, "Help," to protect himself from the mob following him, and a hot foot race resulted on West Twenty-seventh street yesterday. Finally the fleeing man ran to the door of No. 2048 West Twenty-seventh street, begging for protection. The occupants of the house were so alarmed they hesitated. The man turned and ran behind the house, and disappeared over a fence.

W. B. Roach, No. 1846 East Fortieth street, and W. C. McCarty, No. 1109 East Twenty-second street, manning a delivery wagon returning from Venice, were approached by the stranger and asked if he might ride with them. They gave him a lift.

At Montclair and Adams streets, the motor car stopped, and Roach and McCarty got out to repair the engine. While they were engaged under the car, the passenger, who alleged, started sorting out packages, which he tucked under his arm, and then prepared to jump. He was discovered and the alarm was given, when the man ran, but without his packages.

Roach and McCarty abandoned their machine and made real haste on foot. And running they raised the alarm to such effect that fifty persons joined in the chase, until the quarry became alarmed by the size of the mob. He was fifty yards ahead of them when he disappeared over a back fence.

IS FATALLY CRUSHED.

Young Driver of Heavy Ice Wagon Falls under Wheels When Team Becomes Unmanageable and He Dies Before Reaching the Receiving Hospital.

Raymond Neeson, 31 years old, a driver for the Merchants Ice Company, was fatally crushed yesterday when his team became frightened, jerked him from his seat, and rolled him under the wheels of his wagon, freighted with three tons of ice. He never recovered consciousness after the wagon passed over him. He was taken to the Receiving Hospital, where he died at No. 1022 East Fortieth street. With L. A. Pinkstaff he was riding on the wagon at First street and Harvard boulevard when one of the horses became frightened. As it leaped it started its team-mate. Both jumped, and in trying to curb them, Neeson was dislodged from the seat.

As he fell Pinkstaff shouted for him to roll away from the path of the wagon wheels, but Neeson failed to hear, and the heavy front wheel passed over him. Dr. J. J. Leavitt, No. 111 North Manhattan Place, was called to administer emergency treatment, but Neeson sank rapidly and was dead before he could be transported to the Receiving Hospital.
